

Dual Perspective: One Life vs Eight Billion Fates

Individual: Life of Xiao Ming (born 2026)

Age 0-5	AI nanny raises him; both parents work
Age 6-18	AI tutor 1-on-1; school becomes social venue
Age 18-22	Micro-credentials replace 4-year degree
Age 22-35	Career pivot every 2 years; AI companion fills void
Age 35-60	Work becomes optional; searching for meaning
Age 60-120	AI extends life; pension exhausted decades ago
After death	Digital afterlife — AI Xiao Ming lives on

Collective: Structural Transformation

Employment
"Must work" → "Choose to work"
Education
"One-time degree" → "Lifetime subscription"
Family
"Economic unit" → "Emotional choice"
Cities
"Work hubs" → "Experience hubs"
Nations
"Labor competition" → "Compute competition"
Species
"Single species" → Enhanced / Natural / AI coexist

Individual emptiness x Structural upheaval = Civilizational phase transition
